Community Health Clinic, Inc. COVID-19 Response

Community Health Clinic, a Federally Qualified Health Center, is continuing to serve patients in the Alle-Kiski Valley, and Greensburg areas during the COVID-19 crisis. In order to protect patients during this crisis, the clinic is providing telehealth services for most services including: sick visits, follow-up visits, prescription refills, medication adjustments, and behavioral health services. All patients are requested to contact the office by phone first, for proper screening for COVID-19 exposure and symptoms and to schedule appropriate appointments, to ensure patient and staff safety.

New Kensington area patients can call 724.335.3334 and Greensburg Area patients 724.204.1801. If patients experience problems reaching the clinics by phone they can fill out the contact form on the clinics website at www.communityhealthclinic.org.

The Vandergrift clinic is temporarily closed, but the doctor is providing telehealth services for all patients. The Vandergrift clinic will be opened as soon as possible based on availability of protective equipment. Patients can call the clinic at 724.567.5671 for telehealth services including behavioral health services.

Dental services at the New Kensington and Greensburg sites are limited to emergency consultations. New Kensington dental patients can call 724.335.3334, Greensburg patients please call 724.204.1801.

Community Health Clinic is here to serve patients without health coverage and those who are underinsured, as well as patients with health coverage. There is a sliding fee for uninsured/underinsured patients.

Free, no obligation, trained health coverage application and enrollment assistance is available to all community members not just clinic patients. This includes assistance with Medical Assistance, the Federal Marketplace and CHIP. This service is also being provided by telephone to protect patients and staff. To speak with the counselor please call 724.889.2783.
